

Repair your car like an Expert

Designed for those tough to reach places, The Campbell Hausfeld TL0549 3/8 inch Impact Wrench can maneuver easily under the hood of your car. The one-handed directional switch allows you to loosen or tighten fasteners with ease. The TL0549 fits comfortably while still delivering power you need to get the job done.

Designed with you in mind
The TL0549 is ideal for automotive work including engine repair, brake repair, spark plugs, replacing water pump and alternator.

- **Single forward/reverse** switch for one-handed direction change
- **Powerful, compact tool** with 100 ft. lbs. of torque to quickly remove and install fasteners
- **Ergonomic design** including a soft composite grip for increased comfort
